The Tanita KD-321 Digital Kitchen Scale with 0.1g graduation and fluid Conversion is highly durable and easy-to-clean. Features a removable washable stainless steel platform tray. With weight capacity of 3kg and increments of 0.1g, water and milk (normal milk) can be measured in ml (or fl oz). The tare function of the KD-321 digital kitchen scale allows you to add and weigh individual item(s) without removing contents of the bowl. Silicon rubber legs prevent sliding when the button is pressed.
